

OSI Technology: For Every Way Your Organization Needs to Communicate

OSI Technology is a national communications technology solution provider with 30 years of experience in providing converged solutions. We represent best-in-breed partners whose products and services represent the finest solutions in the communications industry. OSI consults, designs, sells, deploys and services an array of technologies while successfully integrating all the methods of communication.

Partners include: Alcatel-Lucent, Amcom Software, Avaya (and Nortel), Aruba, Bradford, Cisco, Ekahau, Extreme, LifeSize, Meru, Motorola, Panasonic, Polycom, Radvision, ShoreTel Sky, SonicWALL, Verint and many more.

Through our partner relationships, we provide complete end-to-end services and solutions. These various certifications are only given to business partners who have met rigorous requirements for technical expertise and customer satisfaction. These distinctions are a direct result of the talent, dedication and commitment of the OSI team including pre-sales engineering, project management, post-sales support, account management and training.

Contact us so we can learn more about your needs and help you put together a customized plan of how to achieve your organizational goals within your budget.
